LiveHealth® ONLINE

Get care from anywhere

Virtual visits on LiveHealth Online are an included benefit for Anthem members

Get the care you need, virtually.

Looking for a quick and easy way to get care? With LiveHealth Online, you can access telehealth visits from anywhere. All you need is a smartphone, tablet, or computer!

Care options available to you through LiveHealth Online:

Annual Wellness. Visit with a primary care provider who can help with preventative screenings, chronic health concerns, and referrals for lab work and specialists as clinically appropriate. Annual wellness visits are an important part of maintaining good health, managing chronic conditions, and preventing potential health issues.

Virtual Primary Care. Get regular health visits and checkups with virtual primary care. It's like an office visit with a primary care provider (PCP) — without the office. You can even choose to see a network PCP regularly, so you have the same provider taking care of you over time.

Urgent Care. Get care 24/7 for common health issues, including allergies, COVID-19 symptoms, the flu, sinus infections, and UTIs. Physicians assess your symptoms, provide a treatment plan, and send prescriptions to the pharmacy of your choice when needed.

Allergy. Doctors can provide a treatment plan and send prescriptions to the pharmacy of your choice anytime. No need to wait to feel better. Doctors can treat common allergy symptoms including itchy, puffy, and watery eyes, congestion, runny nose, itchy throat, and more.

Therapy and Psychiatry. See a therapist online from the comfort of your couch to get help for anxiety, depression, panic attacks, stress relief, and more. Psychiatrists are also available by appointment and can prescribe medication when talk therapy isn't enough.
